## How Diving Concepts Does Business

Diving Concepts clearly understands who the customer is: **the dive store owner**. All of our business philosophy revolves around this simple but very important concept.

### **What we don't do:**

- We do not drop ship product and do not allow online sales of Diving Concepts products. All dealerships are for sales conducted on an "in store basis only." Diving Concepts products can be promoted online, but sold on an "in store basis only."
- We do not sell direct to anyone except the dive store owner. All keyperson sales are through Diving Concepts dealers and we never set the keyperson price to the end user. We do not sell keyperson dry suits directly to the end user at any consumer or trade show.
- We do not compete with our customers by selling to their customers or selling to other manufacturers who sell to their competitors.

### **What we do:**

- We make arguably the best drysuit products in the scuba diving industry.
- We support our dealers who are the ones who turn the lights on each day and pay the electric bills so that the lights stay on.

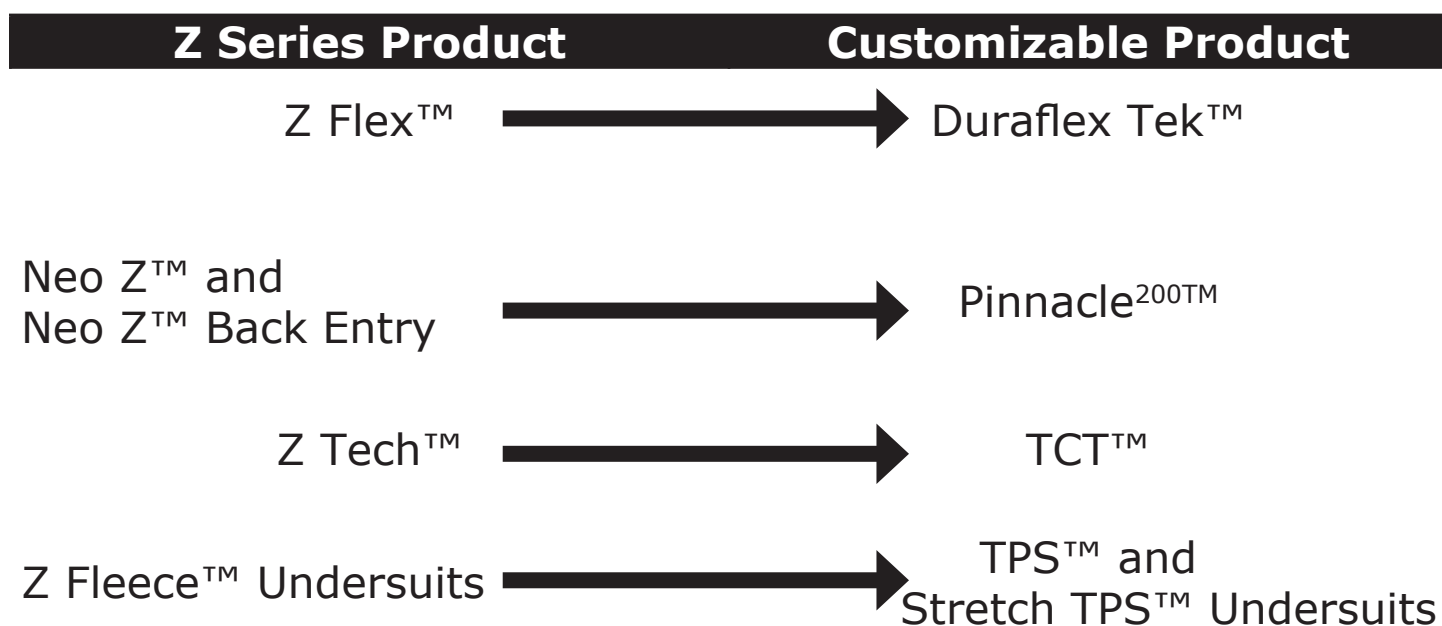

# Z Series Products and High End Custom Products

Diving Concepts has a full offering of products that cover a range of price points. All of our products are high quality, but we are able to offer you two major price points with our products.

- **Z Series products**: These products are high quality and low to mid price point products. Each of these products has a higher end product that can be purchased if a person wants some form of customization.

- **Customizable Products**: If a customer wants to customize a product, then Diving Concepts offers a full line of drysuits to fill their needs (Pinnacle<sup>200</sup>, Pinnacle<sup>400</sup> Duraflex Tek™, Ultraflex Pro™, TCT™ and Pro 650HD™).

# LIMITED WARRANTY

Diving Concepts warrants that your drysuit will be free from defects in materials and workmanship from the date of original retail purchase for the following timeframes.

Drysuit Component	Limited warranty coverage
Drysuit seams	7 years
Drysuit Boots	2 years
Drysuit zipper, inflation and exhaust valves	1 year
Neck and wrist seals	90 days

Any product that is determined by Diving Concepts to be defective in accordance with the guarantee above, will be repaired or replaced, at the option of Diving Concepts, free of charge.

This warranty is expressly in lieu of all other warranties. Any implied warranties or merchantability or fitness for a particular purpose are limited to the same duration as this warranty. This warranty does not cover incidental or consequential damages. Diving Concepts shall not be liable for any incidental or consequential damages. Some states do not allow the exclusion or limitation of implied warranties, incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty does not cover anything resulting from misuse, abuse, neglect, alteration, failure to perform maintenance as instructed, unauthorized repair or service, or damage caused by contaminants in air or water. This warranty does not cover any representation or warranty made by Dealers beyond the provisions of this warranty. This warranty does not cover costs incurred for normal repair, inspection and preventive maintenance.

This warranty is a consumer warranty extended only to the original retail purchaser, and does not apply to drysuits used for commercial purposes. Commercially dove drysuits have a ninety (90) day warranty for defects in materials and workmanship.

Proof of purchase must be furnished to Diving Concepts to obtain warranty service or replacement. Proof of purchase may be established by completing the Purchase Agreement and mailing it to Diving Concepts.

This warranty gives you specific legal rights, and you also have other rights which vary from state to state. If you have any questions please call Diving Concepts at (805) 692-2001.
